His Highness the Maharaja of the Nilgiris when asked to state why such a heavy expenditure has been incurred, the D.C. Nilgiris has stated that it was due to the suddenness of the visit and want of administrative experience on the part of the local authorities. As regards the delay of over two years obtaining the sanction of post-facto to the expenditure incurred the D.C. states that the accounts were kept by the ~~auditor~~ of the accounts of the Nilgiris for the year 1942-43 and as over this reasoning is hardly convincing, as sanction is not blamed to an item of expenditure, after the accounts are actually audited and objection is raised thereto such a position would really disclose a ~~of~~ weak spot ~~of the Head~~ in the administration of Municipal affairs. The D.C. Nilgiris however states that he has issued instructions to avoid such irregularities in future.

4909/1711

In the circumstances, the expenditure of Rs. 14,59/13/6 already incurred may be approved, with the observation that the delay in obtaining sanction thereto should not have been incurred.

Sir,

With reference to your letter No 3 C 1643/43-44 D 28.8.45 re: the expenditure of Rs 1459-15-4 incurred by the T Narasipur mela in connection with the visit of His Highness the Maharaja to the Narasipur ~~road work~~ place on 16-12-43, I am directed to observe that the expenditure was incurred about one year and eight months ago and the delay in applying for the sanction of Govt has not been explained. The expenditure is very excessive for a small mela like the T Narasipur minor mela. Further, certain items of expenditure such as repairs to circles, repairs to the mela office construction of a tunnel near the

bus Standards etc., should not have been included in this bill. Some items like payments made on nominal roll etc, have been repeated (Vide items Nos 14 & 24 in the statement of expenditure). I am therefore to request you to forward a report on the points noted above with explanation for the amendment delay in submitting bills the records accompanying for reference and retransmission with the report

Sir,

Subject - His Highness' visit - expenditure - T Narasipur Minor Municipality -

With reference to your letter No L 2774/M1 dated the 2nd October 45, calling for further report on the above subject, I have the honour to enclose herewith in original, the report No C 60/43-44 dated the 20th November 45, received from the President Municipal Council, T Narasipur and to state as follows -

As regards certain items of expenditure incurred for effecting repairs to circles, Municipal office etc , which should not have been included in the present bill, it is stated that these expenditure had to be incurred inevitably as the procession route had been fixed along the road running in front of these buildings crossing the circules under advertance The repetition of certain items of expenditure stated to be for the same articles, it is explained that in reality the expenditure was incurred actually as the purchases were made in different places for different purposes

As the visit of His Highness the Maharaja was fixed all in a sudden neither the previous sanction of Government nor the several items of expenditure could be fixed definitely Anyhow, due economy has been observed in incurring the expenditure, on the whole As it was thought appropriate to obtain sanction of Government after the audit of the Municipal accounts by the Auditors of the Mysore Local Audit Circle, no reference was made to Government immediately for sanctioning the expenditure Thus the delay to obtain sanction of Government was due to want of administrative experience on the part of the local Municipal authorities However, I have instructed the President of the Municipal Council not to give room for repetition of such lapses As the report of the President of the Municipal Council, explains satisfactorily the circumstances, in which the expenditure was incurred and how the delay was occassioned, I request you kindly to obtain sanction of Government, for the total expenditure of Rs 1459-15-6, as already recommended in this office letter of even number dated the 28th August 1945

The statement of expenditure is also enclosed herewith for ready reference

Sir,

Subject:- Information to be furnished by the President, Town Municipal Council, T Narasipur re - expenditure incurred in connection with the visit of H H the Maharaja of Mysore to the town.

***

In continuation of this office letter No D3.C.1643/43-44 dated 8th April 1946 on the above subject, I have the honour to forward herewith, adetailed report received from the President with the Nanjangud Sub Division Officer's memo No.A5.132/45 dated 1-6-46 answering all the points raised in your letter No 12817 dated 23rd January 1946.

Ordinarily, no work should be undertaken before the estimate is sanctioned by the proper authority and the necessary provision made therefor. In emergencies, however, work can be got done with the approval of the President, in anticipation of sanction provided regular estimates are submitted at the earliest ~~possible~~ possible date(Rules 240 and 244(c) M A M.) The present case is a fit case to be brought under the catagory of urgent cases which leave no time to observe formalities such as estimate, tander, sanction and provision before work and payment. But the President did not do anything in this case on his own initiative. At each stage he consulted the Councillers and worked under instructions from Council and higher officer. The Council resolution of 6-12-~~43~~ 43 passed prior to the visit can be taken as the basis of the provisional estimate and the later resolution dated 30-12-43 after the visit (which ratified the entire expenditure incurred including extra Rs 409-15-6 over and above the original estimate) as the revised and the final estimate The reasons for this addition and for what appeared as conflicting items and also for the delay in obtaining

sanction have been explained in my letter Nos. D3.1643/43-44 dated 14-8-45 and 26th December 1945.

It is under my oral instructions and those of the Sub Division Officer, and with the concurrence of the Municipal Council, the whole arrangement was got through, due economy being observed in incurring expenditure, consistent of course with the event of such importance.

I request, in the foregoing circumstances, that Government may be moved to sanction the expenditure incurred as already recommended by me in my previous two letters referred to above.

I have the honour to be,
Sir,
Your most obedient servant,

Deputy Commissioner
